Die Amper Almal Storie

Alex Hamilton het vier jaar gelede 'n projek begin waarin hy die geskiedenis van internasionale pop kultuur en celebrity kultuur vertel, deur die medium van handgesnyde stensil portrette. Vir die uitstalling *amper almal*, konsentreer hy op die top Suid Afrikaanse ikone, en beeld hy die komplekse en diverse karakters van Suid Afrika se geskiedkundige en populere kultuur uit.

Straat kuns graffiti en klassieke pop kuns is die inspirasie vir elke helder gekleurde 7.5cm x 11cm hout ikoon met die handgesnyde stensil portret daarop. Die uitstalling ondersoek verskeie aspekte van kulturele gedrag, insluitend die kompulsiewe versameldrang en die obsessie met navorsing en ontdekking, en dit beklemtoon die feit dat ons samelewing verenig is deur ons bekoring met roem.

Hierdie ikone herroep kollektiewe herinneringe, positiewe nostalgie en helde aanbidding. As 'n versameling bied dit 'n fasineerende en opvoedkundige visuele biblioteek van ons geskiedenis. Van skoonheidskoninginne en die Sophiatown sangers tot die "Sestigers" en vryheidsvegters, al die kategoriee in die uitstalling openbaar die diep gewortelde talent en karakter van ons ryk Suid Afrikaanse erfenis.
